

## Dinner in the Dark at WOSS

April 7, 2011

Miranda Maleszyk and Marijana Cekar with some of the door prizes given away at the Dinner in the Dark fundraiser for Canadian Foundation Fighting Blindness at White Oaks Secondary School last Thursday evening.

Organizer and WOSS Awareness and Activism Association (AAA) member Molly Burke, a former Miss Teen Oakville has done a lot of work to fundraise for the foundation-funded research into retina pigmentosa, the condition that has rendered Burke blind.

At last week's event, diners ate catered fare — in the dark — and watched black light theatre to experience what it would be like to be blind.
